

Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

I. MY PLEDGE REGARDING HEALTH INFORMATION:

I understand that health information about you and your health care is personal. I am committed to protecting health information about you. I create a record of the care and services you receive from me. I need this record to provide you with quality care and to comply with certain legal requirements. This notice applies to all of the records of your care generated by this practice. This notice will tell you about the ways in which I may use and disclose health information about you. I also describe your rights to the health information I keep about you, and describe certain obligations I have regarding the use and disclosure of your health information. I am required by law to:

Make sure that protected health information (“PHI”) that identifies you is kept private.

Give you this notice of my legal duties and privacy practices with respect to health information.

Follow the terms of the notice that is currently in effect.

I can change the terms of this Notice, and such changes will apply to all information I have about you. The new Notice will be available upon request and on my website.

II. HOW I MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU:

The following categories describe different ways that I use and disclose health information. For each category of uses or disclosures I will explain what I mean and try to give some examples. Not every use or disclosure in a category will be listed. However, all of the ways I am permitted to use and disclose information will fall within one of the categories.

For Treatment Payment, or Health Care Operations: Federal privacy rules (regulations) allow health care providers who have direct treatment relationship with the patient/client to use or disclose the patient/client’s personal health information without the patient’s written authorization, to carry out the health care provider’s own treatment, payment or health care operations. I may also disclose your protected health information for the treatment activities of any health care provider. This too can be done without your written authorization. For example, if a health care provider were to consult with another licensed health care provider about your condition, we would be permitted to use and disclose your personal health information, which is otherwise confidential, in order to assist the health care provider in diagnosis and treatment of your condition.

Disclosures for treatment purposes are not limited to the minimum necessary standard. Because other health care providers need access to the full record and/or full and complete information in order to provide quality care. The word “treatment” includes, among other things, the coordination and management of health care providers with a third party, consultations between

health care providers and referrals of a patient for health care from one health care provider to another.

Lawsuits and Disputes: If you are involved in a lawsuit, I may disclose health information in response to a court or administrative order. I may also disclose health information about your child in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute, but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested.

III. CERTAIN USES AND DISCLOSURES REQUIRE YOUR AUTHORIZATION:

Session Notes: I do keep “Session notes” and any use or disclosure of such notes requires your Authorization unless the use or disclosure is:

- a. For my use in treating you.
- b. For my use in training or supervising associates to help them improve their clinical skills.
- c. For my use in defending myself in legal proceedings instituted by you.
- d. For use by the Secretary of Health and Human Services to investigate my compliance with HIPAA.
- e. Required by law and the use or disclosure is limited to the requirements of such law.

Marketing Purposes. As a health care provider, I will not use or disclose your PHI for marketing purposes.

Sale of PHI. As a health care provider, I will not sell your PHI in the regular course of my business.

IV. CERTAIN USES AND DISCLOSURES DO NOT REQUIRE YOUR AUTHORIZATION.

Subject to certain limitations in the law, I can use and disclose your PHI without your Authorization for the following reasons:

When disclosure is required by state or federal law, and the use or disclosure complies with and is limited to the relevant requirements of such law.

For public health activities, including reporting suspected child, elder, or dependent adult abuse, or preventing or reducing a serious threat to anyone’s health or safety.

For health oversight activities, including audits and investigations.

For judicial and administrative proceedings, including responding to a court or administrative order, although my preference is to obtain an Authorization from you before doing so.

For law enforcement purposes, including reporting crimes occurring on my premises.

For research purposes, including studying and comparing the patients who received one form of care versus those who received another form of care for the same condition.

Appointment reminders and health related benefits or services. I may use and disclose your PHI to contact you to remind you that you have an appointment with me. I may also use and disclose

your PHI to tell you about treatment alternatives, or other health care services or benefits that I offer.

V. CERTAIN USES AND DISCLOSURES REQUIRE YOU TO HAVE THE OPPORTUNITY TO OBJECT.

Disclosures to family, friends, or others. I may provide your PHI to a family member, friend, or other person that you indicate is involved in your care or the payment for your health care, unless you object in whole or in part. The opportunity to consent may be obtained retroactively in emergency situations.

VI. YOU HAVE THE FOLLOWING RIGHTS WITH RESPECT TO YOUR PHI:

The Right to Request Limits on Uses and Disclosures of Your PHI. You have the right to ask me not to use or disclose certain PHI for treatment, payment, or health care operations purposes. I am not required to agree to your request, and I may say “no” if I believe it would affect your health care.

The Right to Choose How I Send PHI to You. You have the right to ask me to contact you in a specific way (for example, home or office phone) or to send mail to a different address, and I will agree to all reasonable requests.

The Right to See and Get Copies of Your PHI. Other than “session notes,” you have the right to get an electronic or paper copy of your medical record and other information that I have about you. I will provide you with a copy of your record, or a summary of it, if you agree to receive a summary, within 30 days of receiving your written request, and I may charge a reasonable, cost based fee for doing so.

The Right to Get a List of the Disclosures I Have Made. You have the right to request a list of instances in which I have disclosed your PHI for purposes other than treatment, payment, or health care operations, or for which you provided me with an Authorization. I will respond to your request for an accounting of disclosures within 60 days of receiving your request. The list I will give you will include disclosures made in the last six years unless you request a shorter time. I will provide the list to you at no charge, but if you make more than one request in the same year, I will charge you a reasonable cost based fee for each additional request.

The Right to Correct or Update Your PHI. If you believe that there is a mistake in your PHI, or that a piece of important information is missing from your PHI, you have the right to request that I correct the existing information or add the missing information. I may say “no” to your request, but I will tell you why in writing within 60 days of receiving your request.

The Right to Get a Paper or Electronic Copy of this Notice. You have the right get a paper copy of this Notice, and you have the right to get a copy of this notice by e-mail. And, even if you have agreed to receive this Notice via e-mail, you also have the right to request a paper copy of it.

HIPAA Email Consent

This notice went into effect on November 19, 2019

- HIPAA stands for the Health Insurance Portability and Accountability Act.
- HIPAA was passed by the US government in 1996 to establish privacy and security protections for health information.
- Information stored on our computers is encrypted.
- Most popular email services (ex. Hotmail, Gmail, Yahoo, etc.) do not utilize encrypted email.
- When we send you an email (from accounts other than @novapediatrictherapy.com), or you send us an email, the information that is sent is not encrypted. This means a third party may be able to access the information and read it since it is transmitted over the internet. In addition, once the email is received by you, someone may be able to access your email account and read it.
- Email is a very popular and convenient way to communicate, so in their latest modification to the HIPAA act, the federal government provided guidance on email and HIPAA.
- The information is available in a pdf (page 5634, page 70 of 138 in pdf document) on the US Department of Health and Human Services website. <https://www.govinfo.gov/content/pkg/FR-2013-01-25/pdf/2013-01073.pdf>
- The guidelines state that if a patient has been made aware of the risks of unencrypted email, and that same patient provides consent to receive health information via email, then a health entity may send that patient personal medical information via unencrypted email.
